Dear Bao,

**RE: Ms Susan Richardson DOB:24/07/61

HIGHGATE HILL QLD 4101
Mob: 0400 084 995**

We recently had the pleasure of seeing Susan for a further consultation.

We first saw Susan in April 2025, when she presented with significant concerns regarding her mandibular teeth and overall periodontal status. Susan has been a long-term periodontal patient and has experienced some difficulties with previous periodontal care.

We referred Susan to Dr Troy McGowan, periodontist at Focus, and she appears to be very comfortable under his care. Her mandibular teeth have now been stabilised, and she is interested in improving their aesthetics. Could you please see Susan to assess and advise on this?

Following completion of this phase of treatment, Susan would like us to proceed with the construction of a new complete upper denture.

Thank you very much for seeing Susan. We look forward to hearing from you.

Kind regards,

.....
Dr Peter Russell
